

**AMENDMENTS TO THE CLAIMS**

The listing of claims will replace all prior versions, and listings, of claims in the application.

**Listing of Claims**

Claims 1-18 (Canceled)

19. (Currently Amended) A portable telephone set comprising:

talking portion means;

music replay portion means, for superposing a talking voice of telephone communication on replayed music in the process of music replay by said music replay portion means when making said telephone communication through said talking portion means during said music replay by said music replay portion means; and

volume control portion means for controlling the volume of said replayed music and the volume of said talking voice of the telephone communication; and

said volume control portion includes a talking volume adjusting part, a music volume adjusting part and a control part controlling said talking volume adjusting part and said music volume adjusting part.

20. (Currently Amended) The portable telephone set according to claim 19, further comprising:

telephone number storage portion means storing a telephone number,

for superposing said talking voice of said telephone communication on said replayed music in the process of said music replay by said music replay portion means when making said telephone communication with said telephone number stored in said telephone number storage portion means.

21. (Original) The portable telephone set according to claim 19, capable of arbitrarily setting the volume of said talking voice of said telephone communication and the volume of said replayed music in the process of said music replay.

22. (Currently Amended) The portable telephone set according to claim 20, capable of arbitrarily setting the volume of said talking voice of said telephone communication and the volume of said replayed music in the process of said music replay in correspondence to said telephone number stored in said telephone number storage portion means.

23. (Withdrawn) A portable telephone set comprising:  
talking means; and  
music replay means,  
for replaying music corresponding to an interruption call from a third party by said music replay means when receiving said interruption call during telephone communication through said talking means and superposing replayed said music on a talking voice of said telephone communication.

24. (Withdrawn) The portable telephone set according to claim 23, further comprising:  
volume control means controlling the volume of said replayed music and the volume of  
said talking voice of said telephone communication, wherein  
said volume control means reduces the volume of said talking voice of said telephone  
communication when superposing said replayed music corresponding to said interruption call on  
said talking voice of said telephone communication.

25. (Withdrawn) The portable telephone set according to claim 23, further comprising:  
volume control means controlling the volume of said replayed music and the volume of  
said talking voice of said telephone communication,  
for superposing said replayed music corresponding to said interruption call on said  
talking voice of said telephone communication while reducing the volume of said replayed music  
by said volume control means during continuation of a connection state between three persons  
including talkers and a waiting person when answering to said interruption call from said third  
party.

26. (Currently Amended) The portable telephone set according to claim 19, wherein said  
volume control portion means reduces the volume of said replayed music when superposing the  
talking voice of the telephone communication on the replayed music in the process of music  
replay.
